EXPERIENCE **MWH Global**

Visual Design Manager: 2010 – Present

Design Supervisor: 2005 – 2010

Senior Designer: 2003 – 2005

- + Creative direction and management of a multi-geographical creative team that executes print, multimedia and web solutions for multi-million dollar wet infrastructure sales pursuits. Pursuits also require teaming with agencies, consultants and/or internal professionals that include writers, editors, videographers, and interactive experts.
- + Partnered with department director to shape and implement a team 'vision' that aligns with company strategy and service offerings. Processes, procedures, and training goals were then developed based on the team vision.
- + Collaborated with top executives and senior staff to develop corporate brand guidelines and visual identity system. These standards are actively applied to ensure a unified visual voice is present in all branded materials. Art direction and regular critiques are applied so to maintain a high level of quality and further a professional image.
- + Self-execute brand strategy, design, message concepting and project management for top branding projects and major campaign pursuits.
